To use our simple scoring cards, fill out all the players names or initials at the top. Then record how many points were scored after each game. Then total the points for all the games played. You do not have to play 10 games. Decide how many games you'd like to play before starting and then total the points when you're done. Visit Crokinole.ca for a free players manual.

To use our simple scoring cards, fill out all the players names or initials at the top. Then record how many points were scored after each game. Then total the points for all the games played. You do not have to play 10 games. Decide how many games you'd like to play before starting and then total the points when you're done. Visit Crokinole.ca for a free players manual.
